

### SROA Community Directory

**Get to know your neighbors!** You are invited to be included in our neighborhood directory. Participation is voluntary and only the information that you choose to provide on the form below will be included. Directories will be made available only to participating SROA members for their personal use. We ask that you protect the privacy of your friends and neighbors by not sharing the information in our directory with anyone.

The directory was approved at the annual meeting of 2004 and funded in 2009. We are able to keep our costs to a minimum through donated paper and printing and by distributing through email and SASE's (self-addressed stamped envelopes). We are currently revising the directory once a year. All participants who provide an email address will receive directories and updates through email. If we do not have an email address, you may pick up your copy at the annual meeting or provide a SASE. If you are considering whether or not to include your email address, remember, it can be published in the directory or remain confidential. Just let us know which option you prefer.

When important information needs to be communicated to property owners, the Board of Directors may send a short message to those who have provided their email addresses. This saves time and postage. If you do not wish to receive such messages, you can opt out at any time.

You do not need to fill out a new form each year. Your information will continue to be included in the directory until you ask us to remove it or you are no longer an SROA member. Do send a form in or contact us by phone or email if there are any changes in your information so that we can keep the directory as up to date as possible. If you would like a paper copy of the most recent version, send us a SASE with postage (for a letter plus an extra ounce) to the address listed below. If you have questions, problems, or corrections, please contact Mike Peterson, 719-836-2465, [Silverheels-Mike@outlook.com](mailto:Silverheels-Mike@outlook.com).
